Science Gadget Shop

Dear parents/carers,

British Science Week commences on **Monday 11th March** until **Friday 15th March 2024**. We are hosting a week full of fun filled science activities in school.

On **Monday 11th March**, we will be hosting a Science Gadget shop in the school hall. We invite parents and carers to come to the hall after school at **3.30pm** and have a browse through the gadgets on sale.

The gadgets are linked to aspects of the National Curriculum. Each experiment or activity is interactive and requires children to 'do something scientific'. There will be a superb selection of child friendly science activities to excite young minds and some fun gadgets to play with!

All items on sale are sold first come first serve so make sure you come along and see what we have for sale! All items range between **50p-£3.00**. A price list of all items on sale and their prices can be obtained from the school office this week.

Thank you for your support

Miss C Tose
Science co-ordinator

Enjoy - Respect - Achieve
